Carolinas Brahman Breeders Association

29th Annual Sale Guidelines

June 13, 2009

- The sale will feature approximately 40 lots of quality cattle.
- The sale will be limited to no more than 6 bulls. They should be haltered and gentle. Bulls over 2 years of age should be semen checked or have calves on the ground. Yearling bulls will be accepted as regular lots.
- All bred cows must have vet certification of pregnancy, including the number of months bred. This includes F1's.
- Calves 4 – 8 months old must be calfhood vaccinated.
- If the cow is AI bred or has AI calf by side, you must provide the AI certificate.
 - All animals consigned must have T.B. and Brucellosis health papers. No animals will be permitted in the sale ring without veterinarian approved health papers.
 - Consignors of purebred cattle will be required to send the **original pedigree** and a **\$50.00** consignment fee for each animal. This consignment fee will be applied to the sale fee, which is **12%** of the sale price (maximum of \$300). The consignment fee is non-refundable after June 1. The registration certificate must be endorsed (and any breeding information completed) permitting transfer, prior to the animal entering the ring..
 - See F-1 guidelines on the consignment form.

** A screening committee may choose not to allow an animal in the sale ring if the above guidelines are not adhered to.*

If you are interested in placing cattle in the sale, please complete the enclosed consignment form and return it along with the proper fee(s) and papers by **April 15th**.
